

FOR IMMEDIATE RELEASE

Citizens for Life Declares June as “Life Month”

A National Call to Honor and Protect Human Life

FORT WORTH, TEXAS – JUNE 3, 2025 — [Citizens for Life](#) is boldly announcing the national declaration of June as **Life Month**, aligning with the [Life Month Resolution](#) introduced by [Senator Ted Cruz](#) in the U.S. Senate. This resolution recognizes the inherent value of every human life and calls on all Americans to reclaim The United States of America as a nation that defends life from conception to natural death.

Life Month is a unifying call for the citizens of this great nation. This is a moment of awakening. A declaration from our elected officials over this land: Every life is sacred. Every person is created in the image and likeness of God and therefore eternally valuable, no matter their stage of development. The Dobbs v. Jackson Women’s Health Organization decision was not just a court ruling—it was a shift in the spiritual atmosphere, returning the authority to protect life to the people of God.

*“We believe Life Month is more than a symbolic gesture—it’s an invitation to create a culture that values, supports, and defends life at every stage,” said **Laura Allred, Director of Citizens for Life.***

The resolution celebrates the tireless work of pregnancy resource centers, medical professionals, nonprofits, and families who offer compassionate, hands-on support to families, women and babies every day. It also urges lawmakers to advance practical policies that promote life-affirming solutions—including access to healthcare, family resources, adoption services, and community support.

Life Month is an opportunity for civic leaders, organizations, and individuals to take action— and stand for the values that make our nation strong. We’re calling on lawmakers to do more than make noise—we’re calling on them to make laws that protect life. To enact bold, righteous policies that defend the unborn and empower women with real resources to choose life.

*“This is the hour to take a stand! This is the moment to speak for the voiceless! This is the time to proclaim LIFE so that the favor of God stays on our great nation!” said **Heather Schott, Founder of Citizens for Life.***

Citizens for Life invites every American to join us this June for Life Month—to pray, to act, and to declare that America will be a nation that chooses LIFE. This is the hill we will die on!
